This notice sets out a summary of the use and burden associated with the following information collections. More detailed information can be found in each collection's supporting statement and associated materials (see ADDRESSES).

CMS-2744 End Stage Renal Disease (ESRD) Medical Information Facility Survey

Under the PRA (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA requires federal agencies to publish a 60-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice.

Information Collection

1. Type of Information Collection Request: Extension of a previously approved collection; Title of Information Collection: End Stage Renal Disease (ESRD) Medical Information Facility Survey; Use: The ESRD Program Management and Medical Information System (PMMIS) Facility Certification/Survey Record contains provider-specific and aggregate patient population data on beneficiaries treated by that provider obtained from the Annual Facility Survey form (CMS-2744). The Facility Certification portion of the record captures certification and other information about ESRD facilities approved by Medicare to provide kidney dialysis and transplant services. The Facility Survey portion of the record captures activities performed during the calendar year as well as aggregate year-end population counts for both Medicare beneficiaries and non-Medicare patients. The survey includes the collection on hemodialysis patients dialyzing more than 4 times per week, vocational rehabilitation and staffing. The aggregate patient information is collected from each Medicare-approved provider of dialysis and kidney transplant services. The information is used to

assess and evaluate the local, regional and national levels of medical and social impact of ESRD care and is used extensively by researchers and suppliers of services for trend analysis. Form Number: CMS-2744 (OMB Control Number: 0938-0447); Frequency: Yearly; Affected Public: Business or other for-profit, Not-for-profit institutions; Number of Respondents: 5,964; Total Annual Responses: 5,964; Total Annual Hours: 47,712.
